## Future Champions Program

### What is it?

The Future Champions Program is designed to provide grants to individual athletes who are seeking to improve their level of sporting achievements. Elmore Oil and The Smith Family have partnered to ensure this opportunity is provided to *Learning for Life* students and communities around Australia. The program was developed by Elmore Oil from a need and a desire to assist sports development in Australia, ensuring that young sports people from all sporting codes have the opportunity to compete in their chosen field.

### Eligibility

Young people aged between 12 – 18 who are currently living, training and competing in Australia. This is open to *Learning for Life* students as well as students attending the schools we work with.

### Funding

Grants, ranging from \$500 - \$2000 will be provided to successful applicants and must be used for expenses directly relating to improvements of sporting standards. This could include, travel to sporting facilities or high level competition, purchase of training or playing equipment etc.

### Process

All applications are reviewed by an Independent committee set up by The Smith Family and endorsed by the Managing Director, Elmore Oil. You will be notified within 1 month of the closing date of applications – 30 June 2009.

There will be 3 rounds of applications per year.

Students can apply online by clicking on [http://www.elmoreoil.com.au/submit\\_form\\_for\\_future\\_champions.htm](http://www.elmoreoil.com.au/submit_form_for_future_champions.htm)

Or

Print out the application form and return to The Smith Family National Office.
